Forecast for Sunday 29 Oct 2023

Weather: Cloudy with outbreaks of rain, heavy at times, and turning cold enough for some snow on the very highest summits. A few brighter drier periods towards the west coast and isles. Gale force winds and hill fog will add to the miserable conditions expected.

Chance of cloud-free hill tops above 800m: 20%

Low Cloud and visibility: Cloud widely down to 750-900m with some lower patches in east, some breaks towards west coast. Occasionally poor visibility in rain beneath the cloud, but often good towards the west coast.
